

A MESSAGE FROM OUR PRINCIPAL

Dear Parents, Guardians and Students,

Our campus has been a little quieter than usual as our students settle into their exam routine. I am so pleased with how well they have been managing this important time and would like to commend them for their positive attitude, commitment and hard work.

A special thank you to all our students for respecting and adhering to the exam regulations. Your cooperation, responsibility and maturity help ensure that exams run smoothly and that everyone has a fair opportunity to do their best.

We are now heading into the final two weeks of exams. We know that this last stretch can sometimes feel long and challenging, and that energy and motivation may begin to dip. When it does, remember how far you have already come. Keep focused, stay organised, take care of yourselves and give each exam your very best effort!

You are almost there! Keep believing in yourselves, keep pushing forward and finish strong. I know you can do it!

MORE THAN MARKS: SUPPORTING STUDENTS THROUGH EXAMINATION SEASON

As examination season is in full swing, it is important to remember that examinations are about more than the marks achieved. They are an opportunity for students to demonstrate their knowledge, perseverance and hard work throughout the year.

While academic preparation is essential, student wellbeing is equally important. A healthy balance of studying, sufficient rest, proper nutrition and emotional support can make a significant difference during this time.

Parents and teachers play an important role in encouraging students, helping them manage examination stress and reminding them that asking for help is never a sign of weakness.

Most importantly, examination results do not define a student's worth or determine their future. Every student has unique strengths, abilities and opportunities ahead of them. Success is not measured by marks alone, but also by resilience, personal growth and the willingness to keep learning.

To all our students: stay focused, believe in yourselves, trust the preparation you have put in and give every examination your best effort.

Remember, examinations are a milestone in your journey, not the destination.

Based on: More than marks: Supporting SA's learners through exam season – Terence Khala, Acting Spokesperson for the Department of Basic Education.
